**UNIT PRICE: \$378.00**

**System Description:** 18D/Medic/CLS medical equipment and ammunition carrier. Cordura nylon, six M4 magazines are held flat against the body with internal slots. Five modular aid pouches affix to the front panel via PALS (Pouch Attachment Ladder System) / MOLLE (MODular Lightweight Load-carrying Equipment) attachment system.

**Features:** Equipped with

- Two standard general purpose utility pouches
- PALS webbing (20 rows across / 3 rows high) for additional accessory pouches

The front of the harness features a Center Split design for rapid access by medics without ditching all the gear that causes a secondary load for extraction. The split was designed with a Velcro overlap to keep the maximum number of PALS slots in play. Attachment is achieved by three snaps and two-inch Velcro anchored at the top by a one-inch side lock buckle and at the bottom by a low profile Velcro snap tab forming a secure closure.
